MODULAR HARDWARE & KITCHEN FOR A SMART ERA

ABOUT US

CP CENTURY HARDWARE is a certified company for the manufacturing & supplier of architectural hardware and accessories. Committed to environmental sustainability and upholding high ethical standards in business, CP CENTURY has earned recognition as a responsible corporate citizen.

Contributing significantly to the nation-building process, CP CENTURY has become a trusted name known for delivering quality products, services, and sharing its expertise. The CP CENTURY brand has become synonymous with innovative kitchen solutions and is the preferred choice of architects and interior designers, who consistently recommend our products.

Our extensive product range focuses on kitchen accessories, and CP CENTURY's in-house research and technology ensure not only consistent product quality but also continuous improvements in both products and their application areas.

STORAGE
SOLUTION

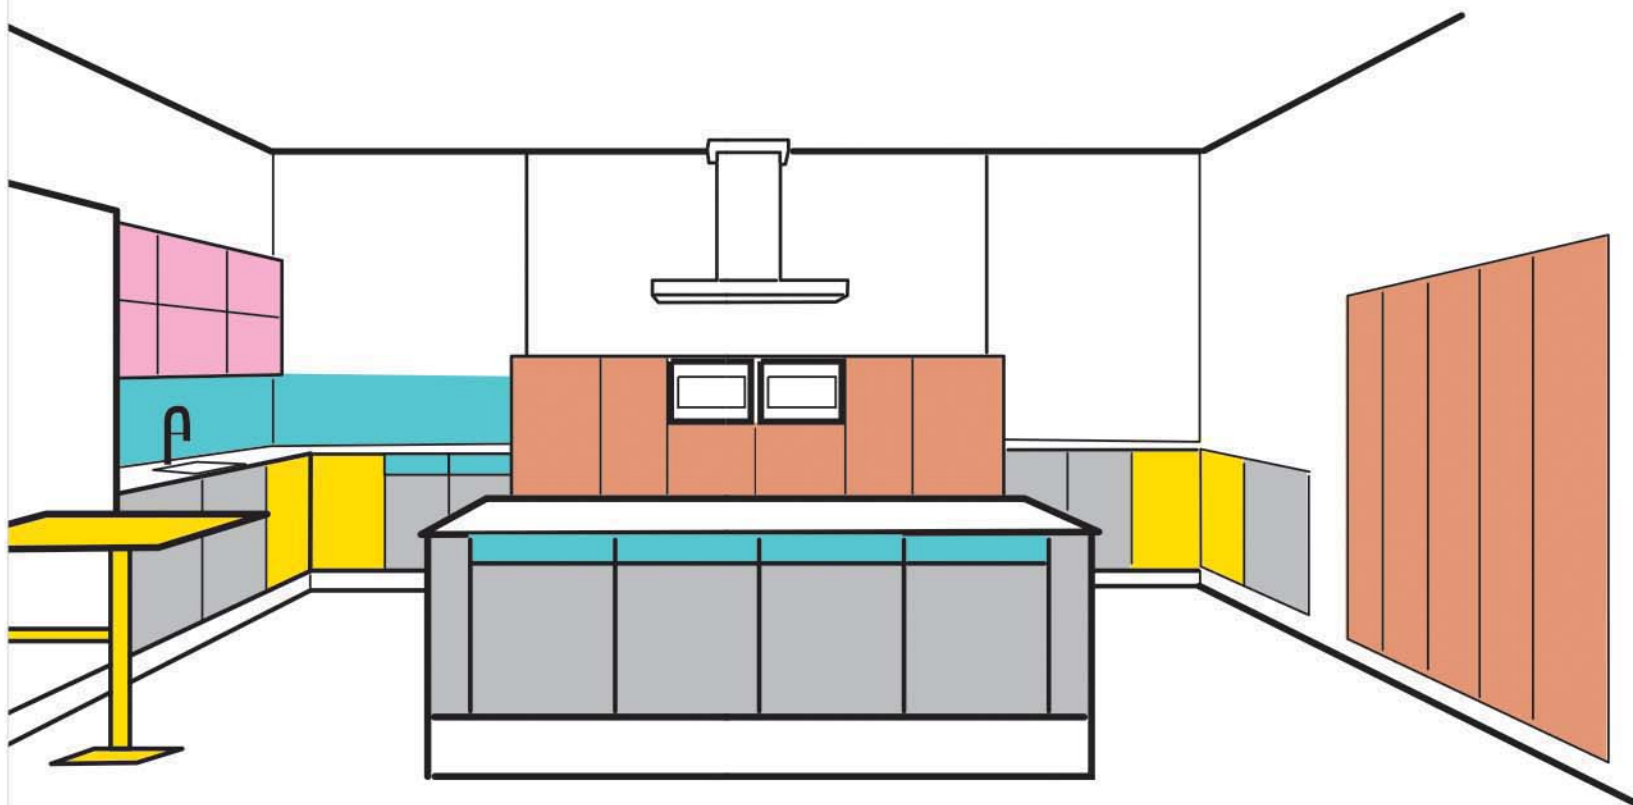

CENTURY[®]

Exclusive Hardware & Door Locks

Quality is and will always remain the investment with the highest returns.

PRODUCTS

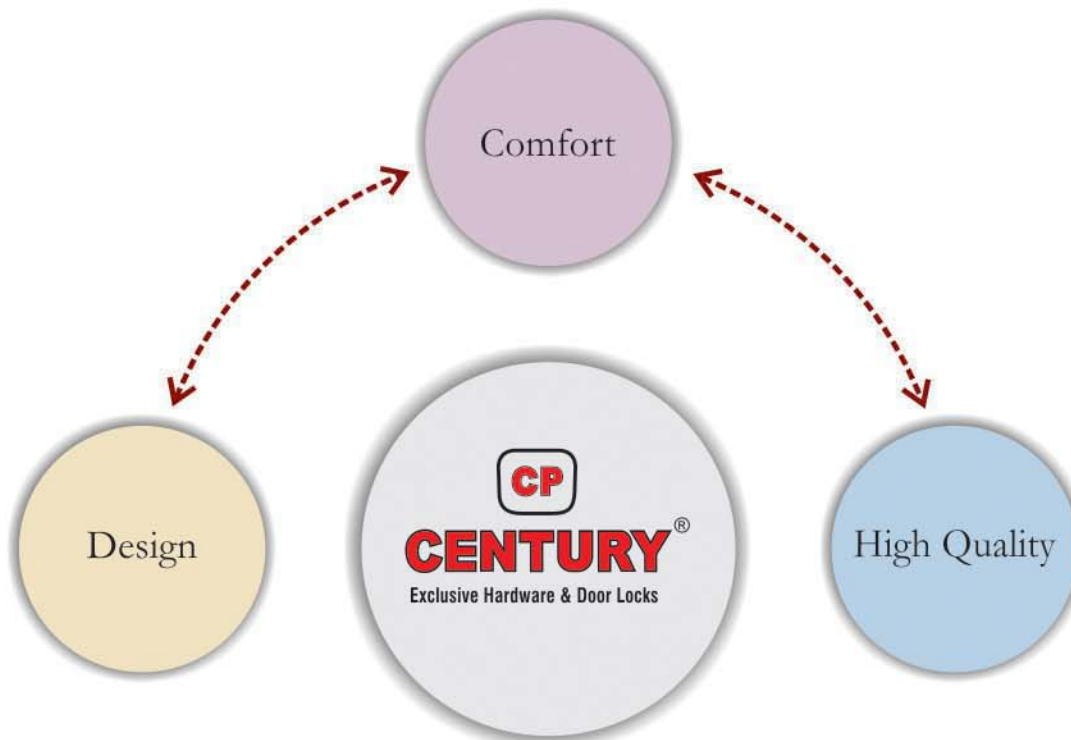

Wise Storage – A specialist in every cupboard. A cupboard is rarely just a cupboard – certainly not in the kitchen! Content-specific fittings, exactly matched to the contents, are the best solution: for your pots and pans, glasses and plates, and naturally your groceries! A well-organised stock of dry foods is the best recipe for planning and cooking great meals. Wise Storage is an approach which ensures that, in your kitchen, there is a place for everything – well-organised and easy to find and retrieve. It is the perfect combination of the practical and the stylish – and it saves space and time. See for yourself!

Our range of Kitchen and Wardrobe Storage infuse luxury and lavishness in our contemporary home furnishing designs. We believe in adding the elegance and style in every nook of your home with the customized designs of home furnishing.

KITCHEN STORAGE

Modular kitchen storage revolutionizes contemporary living by seamlessly merging efficiency and elegance. Tailored to accommodate varying kitchen sizes and layouts, these versatile systems optimize space utilization. The hallmark of modular storage lies in its ability to address specific storage needs, offering designated spaces for cutlery, utensils, and pantry items. The sleek, modern designs, coupled with high-quality materials and finishes, elevate the kitchen's aesthetic appeal. Beyond style, modular storage systems prioritize durability and easy maintenance, standing up to the rigors of daily use. Investing in modular kitchen storage transforms your kitchen into a well-organized, visually pleasing space that reflects a modern and practical lifestyle.

CORNER SOLUTIONS

S-Carousel (with Anti-Skid Mat)

The shelf design are inspired by a race track. They are capable of swinging, nearly floating all the way, out of the corner cabinet in a dynamically curved movement.

- Trays extend completely out of unit
- Trays can be used as separate units
- Load capacity per tray is 20 kgs.
- Wooden Base

Code	Size (W x D x H)	Direction	DPL (in ₹)
CP201	860 x 530 x 530-750mm	Right	14400/-
CP202	860 x 530 x 530-750mm	Left	14400/-

Double Dustbin Pullout

Code	Size (W x D x H)	DPL (in ₹)
CP285	400 x 560 x 720mm (Box Size)	7650/-

- It requires wooden platform for screwing
Capacity : 30 Liters (2 bins x 15 liters each).
- Keep your kitchen waste hidden but easily accessible with this dustbin. Pull-out waste container effortlessly slides in and out on full-extension under mount. Rated slides with normal close
- Double check to make sure your product is within measurements and don't forget to take into account any obstructions (plumbing, hinges, etc.)

Satin Magic Corner

Code	Size (W x D x H)	DPL (in ₹)
CP203	1050 x 1100mm	29800/-

- Single Pull Out Unit With 2 Baskets on the Door and 2 Baskets Inside
- Satin basket with Wooden Base
- 70 Kgs. Carrying Capacity
- Heavy Duty Runners
- Right and Left Fix
- Soft Closing Mechanism

Glass Magic Corner

Code	Size (W x D x H)	DPL (in ₹)
CP204	600 x 700mm	25800/-

- Double Pullout Unit with 4 Basket
- Glass Basket with wooden Base
- 60 Kgs. Carrying Capacity
- Heavy Duty Runners
- Universal Magic Corner
- Soft Closing Mechanism

POCKET FOLDING DOOR SLIDE (GERMAN)

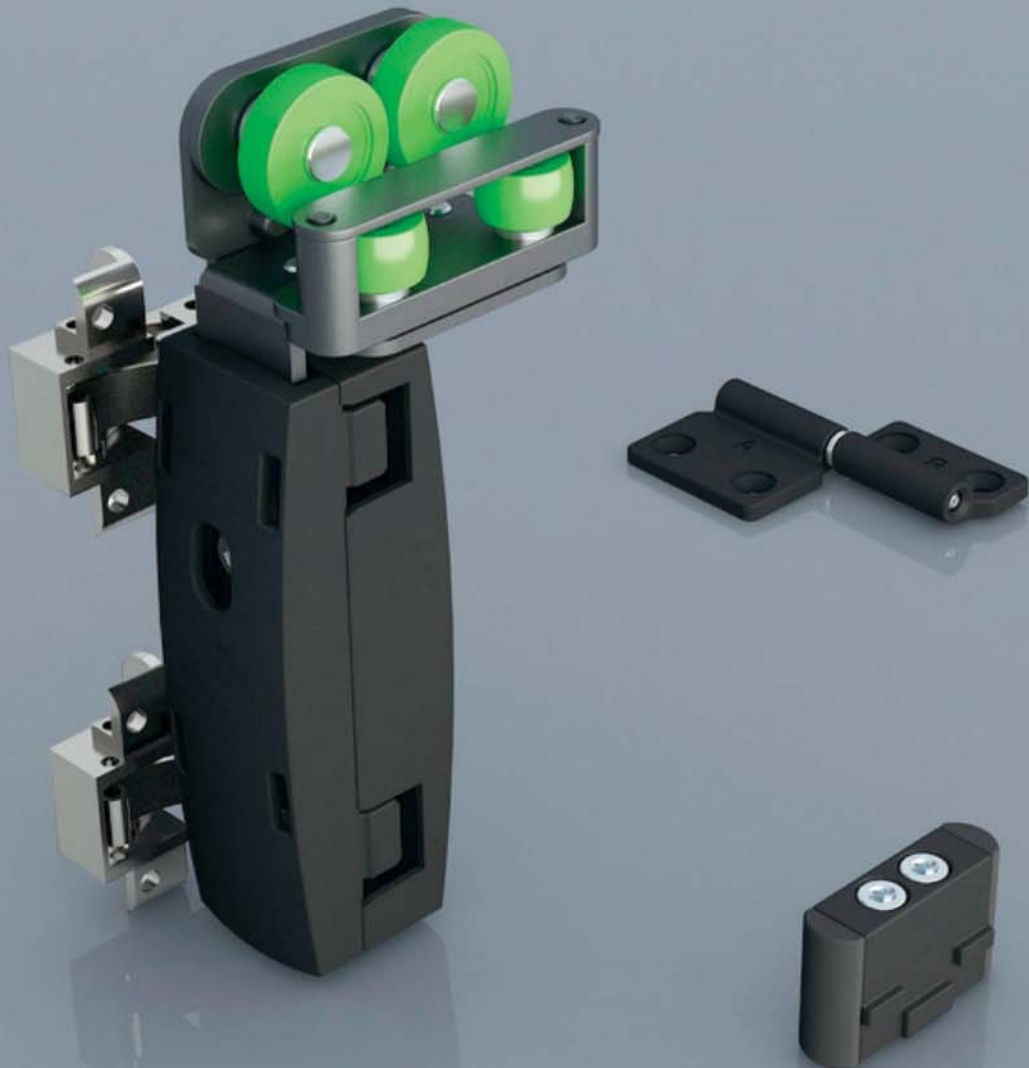

ITEM CODE : SS003

Technical Points:

- **Application:** Wooden door, aluminum frame door
- **Door Weight:** single door <30kg
- **Door width:** 250~500mm
- **Door thickness:** aluminum frame door 28 mm, Wooden door 18~25mm

Product Features:

- Folding and sliding opening and closing are realized, opening the entire cabinet space without obstruction, providing a comfortable and casual storage experience.
- The capacity is up to 30 kg, greatly increasing the specification limit of the folding door.
- Folding hanging track structure design, the door never sinks

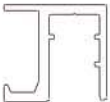

POCKET FOLDING DOOR SLIDE (GERMAN)

4 DOORS COMPLETE SET

(Suitable for large folding wooden doors)

Standard Configuration

Fitting Description	Without Hinge
 Folding Hanging Roller	1
 Bottom Guiding Roller	1

TOPLINE SLIDING SYSTEM (GERMAN)

ITEM CODE : SS001

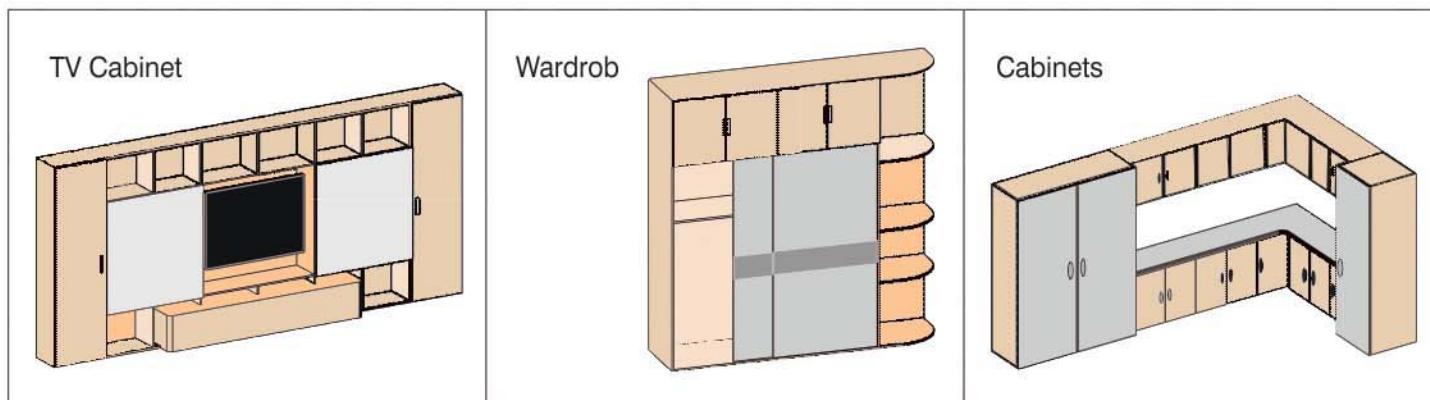

Product Feature:

- Two-way damping device: A damping function exists while the door opening and door closing.
- Smooth, steady and silent movement.
- Anti-slipping-off mechanism to prevent door panel from skipping out of track and to ensure secure functionality.
- Door height and gap between doors are adjustable (suitable for door thickness: 18-40mm).
- Reinforced structure design with maximum weight capacity 70kgs per door.

Technical Points:

- Applied to Wooden door, framed door, Aluminum-framed door, etc.
- Max loading capacity: 70kg
- Door width: $\geq 530\text{mm}$

Product Applications

TOPLINE SLIDING SYSTEM (GERMAN)

Two Panels

Door with $\geq 530\text{mm}$

SILENT SLIDING SYSTEM (GERMAN)

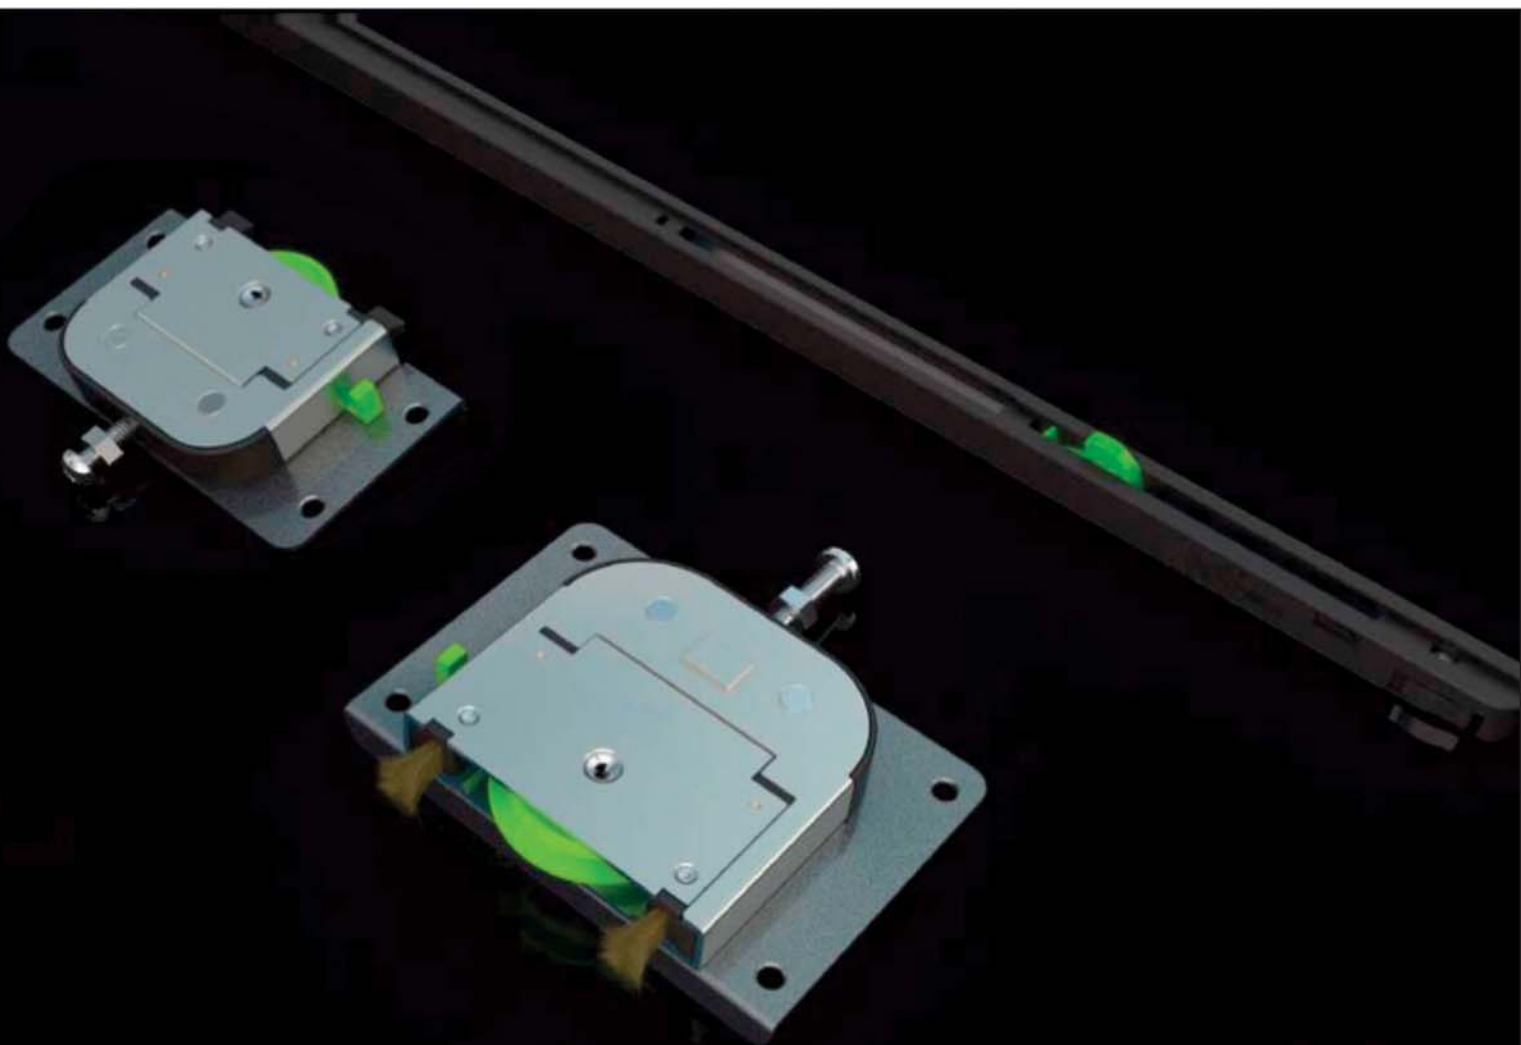

ITEM CODE : SS005

Product Feature:

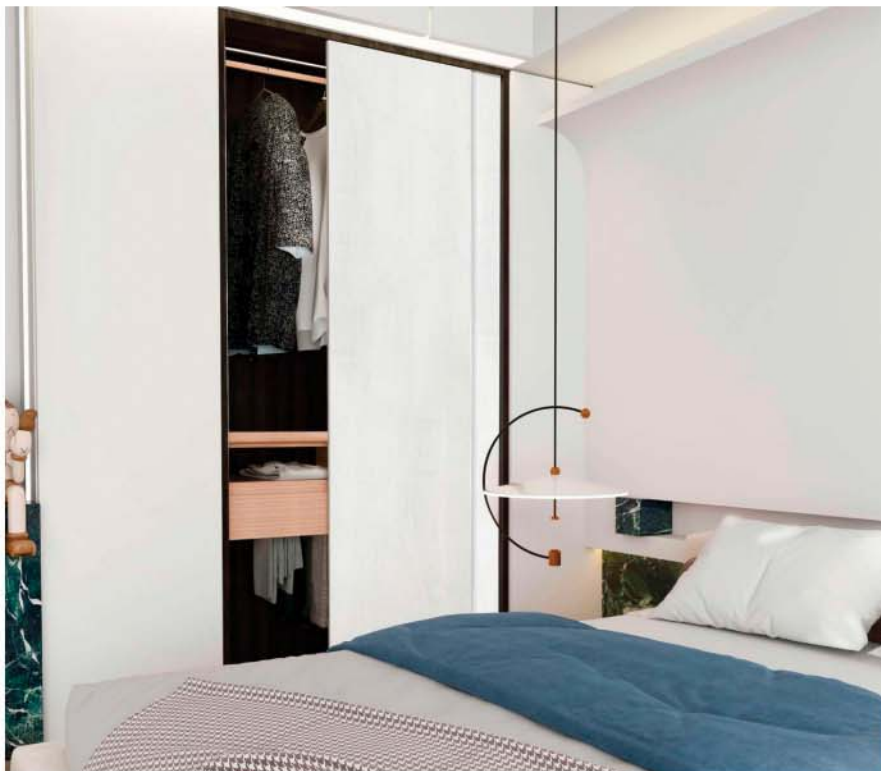

- Surface mounted structure design (can match with aluminum frame).
- Damper automatic hook design, Automatic reset when out of hook.
- Elastic locking device, easier installation.
- Height difference floating function, sliding more stable and smooth.
- Brush device, clean the track when sliding, making sliding more smooth.
- High precision grade roller, stable, smooth and quiet sliding, long service time.

Technical Points:

- **Application:** Single and double wood sliding door, aluminum door
- **Adjustment performance:** Door panel installation height is adjustable
- **Door Weight:** single door≤50kg
